Dog IVDD Back Brace Vest

Product features / Features:

1. [Functionality] Ideal back brace for dogs with IVDD or other back pain. Suitable for Surgical Recovery, Relief and Rehabilitation from IVDD or other spine problems.

2.[Supportive] The built-in Medical splint supports the spine and chest. It gives a rigid structure and framework to the brace. It runs the length of dogs' body and stabilizes the spine not twisting or turning.

3.[Materials] Made of breathable Mesh Fabric, comfortable for your dogs and durable for using.

4.[Design] Hook-and-loop fastener on belly and Elastic band for rear limbs make it easy on and off. 360 degree integrated wrapping for dogs' spine. Pliable Metal bars support the framework, taking care of dogs backbone.
