

## cat crazy kit simulation fish toy

Do you have such troubles? The cat likes to lie in the ambush and hold your leg bite. I feel good to give you a bite. I feel bad about it and give you a sip. I feel that he is no longer your little cute, and he is in danger at home. In fact, cats also need to grind their teeth, especially kittens, which require a lot of teeth. You may need this toy at this time!

1. 3D three-dimensional fish-shaped pattern, the image is realistic, the cat loves it;
2. When the fish is full, the cat's whole body is filled with catnip powder. You can use it for your cats.
3. Opening design, can be put into catnip, increase the sense of freshness of toys
