

Large cat ringing paper playing blanket

Product Features / Features:

1. Grab the concealed blanket fabric as felt cloth, wear-resistant and bite-resistant, breathable fabric for all seasons;
2. The lower layer of fabric contains the sounding paper. When the cat plays, it will emit the sound of "sand", and the cat loves to play more;
3. The upper fabric has a hole design, and the cat plays more freely;
4. Match two bells and butterflies to increase the fun of catching and hiding;
5. The shape is changeable. Use the Velcro to fit the lower layer to shape different tunnels, arches, caves, etc.
6. The product is laid on the ground, with a large playing area, suitable for playing with many cats;
