

Extra Large Breathable Mesh Assembled Portable Folding Safety Dog Pet Car Seat

Product functions/features:

- 1. One litter is multi-purpose, it can be a car pet cage, a travel villa, or a pet sun room at home.**
- 2. Features: Lightweight and foldable, waterproof, wear-resistant and easy to care for, comfortable, breathable and non-sticky, non-toxic and environmentally friendly, with a large space, 10-second installation, heightened design, three-dimensional crisp.**
- 3. High-quality strong webbing, double fixed point design, more secure.**
- 4. The anti-skid bottom design can effectively reduce the discomfort of pets motion sickness.**
- 5. Three super large ventilation windows to effectively maintain ventilation.**
- 6. Thickened encrypted plastic mesh, waterproof and odor-absorbing, and you won't be afraid of pet hair flying in the car when you open the car while driving.**
- 7. The left and right openings are convenient for pets to enter and exit. The inclined skylight design is convenient for pets to visit while on the way, while strengthening the communication and interaction between humans and pets, effectively reducing pet anxiety during the journey.**
- 8. The front storage design increases the storage in the car.**
- 9. Double zipper opening, free to adjust the size of the opening, more flexible to use.**
- 10. Thickened bottom padding to make pets more comfortable.**
