

A breathable dog muzzle prevents dogs from eating barking biting

Product Features:

1. Anti-call and anti-bite when going out;
2. Anti-licking wounds;
3. Prevent dogs from destroying;

Features:

1. Use breathable mesh with holes, breathable fabric, available in all seasons;
2. The special nose webbing design effectively enhances the difficulty for dogs to take off by themselves;
3. Matched with soft edging edge cloth, the fabric is exquisite and soft, which increases the wearing comfort of the dog;
4. Optional mouth circumference (S-L) webbing adjustment, more comfortable fit, does not affect the dog to drink water, stick out the tongue to dissipate heat
5. This product can effectively prevent dogs from being irritable, barking, biting and hurting others due to emergencies when going out, and it can also prevent greedy dogs from accidentally eating poisonous substances outside.
