

Playing a hamster playing cat-type bags

Product Features / Features:

1. The upper layer of the play bag is made of environmentally-friendly felt cloth, which is refreshing and breathable. It is suitable for all seasons and is resistant to scratching and biting;
2. The lower layer is warm lamb hair, warm and soft, suitable for cats who like warm places;
3. The bottom is made of non-slip fabric, and the cat can't easily move the mat while playing;
4. Exquisite outsourcing side, more durable;
5. There is a layer of sound paper in the middle, the cat's favorite;
6. Paired with birds and butterfly toys, with feathers and bells, cats love to play;
7. The upper opening of the hole can attract cats and cats to probe out. It looks like a hamster. It is full of fun and suitable for many cats to play.
8. You can use the cat sleeping pad in peacetime. It is a functional playing bag. Don't worry about being bored at home.
