

pet gel cooling neck

Product functions/features:

1. The surface layer is made of comfortable Lycra fabric, with long ductility and wide application size
2. The inner layer is soft and delicate cooling gel, which is cool and comfortable, and can be used repeatedly
3. Self-absorbing heat, self-cooling, no need to plug in, no need to refrigerate
4. A new generation of gel scarf, jelly touch, safe and non-toxic, refreshing for summer
5. Exclusive physical cooling scarf for dogs - gentle wrapping, flicking away heat waves
