

Roast Fish Shape Pet Snuffle Toy

Product function / characteristics:

- 1.[Material] The Snuffle Toy is mainly made of Eco-friendly thicken felt fleece. Durable for chewing and playing.
- 2.[Using] Hide some food or kibbles inside the food hiding places. The felt fleece is soft enough to offer comfortable feelings to pets when they take snuffle training.
To Cats, we can soak the snuffle toy in catnip water and after it dries, it can be used as a catnip toy.
- 3.[Design] It's designed with the geometry shape of roast fish. The arc-shaped bottom shakes when pets play with the toy. The bells inside jingle and draw pets attention, which adds up more fun to pets.
- 4.[Interactive] It's an ideal interactive toy between pets and owners. A toy for Boredom relief and IQ training to pets.
- 5.[Funny] Interesting Searching releases pets' stress. The toy as a slow feeder can form pets good habit of slow eating. They can also feel happy and excited during the course of snuffle and search.
