

Dog slow food decompression weapon

Features:

1. Meet dog smelling demand and reduce dog pressure
2. Improve dog smell
3. Reduce the behavior of rubbish in the outside
4. Release the dog's extra energy
5. Exercise slow food

Features:

1. The sniffing pad is mainly made of bite-resistant cotton belt. The material is soft, the dog will not hurt the skin when eating wildly, it is environmentally friendly and easy to clean, and it supports machine washing.
2. The bottom is a non-slip cloth, which effectively fixes the mat to prevent the dog from moving the mat, and distributes four double-layer suction cups, which can be fixed on the tiles and glass to let the dogs play;
3. The owner can arrange the hiding place according to the situation of the dog. The difficulty coefficient of the mat is relatively high. The owner can initially put the dog curiosity in a more obvious place, and then gradually increase the difficulty coefficient;
- 4The cotton belt sniffing pad is more intensive and fun, let your dog challenge it!
